07/01/2021	General Motors	Manufacturer Safety recall issued - NHTSA #21V504 - Transport Canada# 21410 - Recall #N202324251 ROOF RAIL AIR BAG INFLATOR MAY RUPTURE - Status: Remedy Available Locate an authorized General Motors dealer to obtain more information about this recall. 🔍 Learn more about this recall

Description: General Motors has decided that a defect which relates to motor vehicle safety exists in certain 2015-2016 model year Chevrolet Silverado and GMC Sierra vehicles. In these vehicles, the roof-rail airbag ("RRAB") inflators, which are located on the left- and right-side roof rails above the headliner, may contain a manufacturing defect that may result in inflator end cap separation or inflator sidewall split. If the end cap separates from the RRAB inflator or a sidewall rupture occurs, the compressed gas will escape from the inflator and the end cap or other components can be propelled into the vehicle, potentially causing an occupant injury if the vehicle is occupied.

If the end cap separates from the RRAB inflator or a sidewall rupture occurs, the compressed gas will escape from the inflator and the end cap or other components can be propelled into the vehicle, potentially causing an occupant injury if the vehicle is occupied.

Remedy: Dealers are to replace left and right front and rear row seat RRAB modules.

Glossary

First Owner

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

Manufacturer Recall

Automobile manufacturers issue recall notices to inform vehicle owners of a safety defect or failure to meet minimum federal safety or emissions standards. Manufacturer recalls are repaired at no cost to the customer.

New Owner Reported

When a vehicle is sold to a new owner, the Title must be transferred to the new owner(s) at a Department of Motor Vehicles.

Ownership History

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

Title Issued

A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.
